

Grow It, Bake It, Eat It

June 11-15 (5 days)

8:00-noon (Ages 5-10) Plant a garden. Bake bread, cookies, and more. And, of course, eat what you bake and make. Spend a day in the woods cooking snacks over the campfire. Come join us to learn about gardening, baking and more.
(Fee: \$70*-\$80)

Camp Dig

June 18-22 (5 days)

8:00-noon (Ages 5-10)
Come join us for a week exploring our world's past. Learn about dinosaurs and ancient human cultures. What do fossils tell us about past life? Find out what life was like for ancient Egyptian, Chinese, and Eskimo kids. How did they use their free time? What games did they play? Learn how their life was different from yours.
(Fee: \$70*-\$80)

Amazing Animals

June 25-29 (5 days)

8:00-noon (Ages 5-10)
Learn about animal life around the world. We will study huge, tiny, scary, and cute creatures, as well as everything in between. Come join us for a tour of our continents (North America, South America, Africa, Australia, and Antarctica) and find out about the animals that live there. Help us care for, observe and pet our center's animals, too.
(Fee: \$70*-\$80)

Pickles, Pie, Peace and me

July 9-13 (5 days)

8:00-noon (Ages 7-12)
Pickles"....kids have tough days too! "Pie"...yeah for friendship and teambuilding! No bullies allowed! It's a new world we're wanting, in which people

know and practice the skills of getting along. We are helping this new world come forth. But life's challenges also create strength, confidence, happiness (pie) and success. Enjoy making pie and sharing it at the end of this week.
(Fee: \$70*-\$80)

I Will Survive

July 23-26 (4 days)

8:00-3:00 (Ages 8-12)
Spend Wednesday night sleeping in the woods. Can you survive a night in our woods? Learn to build a fire and cook over the campfire, learn survival skills. Build a shelter to sleep in. Test your skills with survival games. Go hiking and spend time outside learning about the great outdoors.
(Fee: \$80*-\$90)

Science Camp

July 30-Aug. 3 (5 days)

8:00-3:00 (Ages 5-12)
Have fun with science! Be scientists for a week and explore physics, chemistry, architecture, weather, and more. Learn how to do experiments. Some will be tried and true (elephant toothpaste) and some will be new and unexpected. Build, make, invent, and explore as you take part in many hands on activities. See what new and exciting things you can make and learn in the world of science.
(Fee: \$85*-\$95)

Extreme Game Camp

August 6-9 (4 days)

8:00-3:00 (Ages 5-10)
This week is packed with games, games, games! Play games you never heard of, play old games in new ways. Create games to take home and play. One day is spent with water games. How many games can we play in a week?
(Fee: \$70*-\$80)

Registration Form

Child's Name _____
Age _____ Grade (2017-2018) _____
Parent Name _____
Street Address _____

Scholarships Available

Scholarship funds for low income families are available upon request. Scholarships are being provided through grants and donations by Walmart and The Walmart Foundation -Community Grant Program, the B.A. Seitz Fund of The Columbus Foundation, and the Cliff Farmer Fund. For more information contact the Earth Literacy Center prior to registering for a summer camp.

Attention Parents!!!

- ☺ Drop off is at 7:45
- ☺ Daily snacks are provided
- ☺ Join us for a slide show the last 15 minutes on the last day of camp

The White Family Charitable Fund of the Tiffin Community Foundation is supporting the STEM (Science, Technology, Engineering, and Math) Adaptations offered to youth during our 2018 summer camps.

Background and Program

The Franciscan Earth Literacy Center (FELC) is an environmental education center and demonstration facility designed to promote the appreciation of nature and encourage sustainable living practices.

Our summer day camp programs are designed to be active, fun, and educational. Day campers will be challenged, excited, and enlightened by our hands-on activities, experiments, demonstrations, crafts, and games that occur every day. Campers will gain an understanding of our interconnectedness with the environment and each other in a positive and hands-on learning environment.

Camp Staff

The FELC summer day camps are staffed and led by professional adult outdoor educators. This is Sr. Shirley's eighth year to lead the camps. Matt Miller joined us at last year's camps. FELC campers will be with an adult staff leader at all times throughout all activities that happen during the camp. There are FELC volunteers who also assist the adult staff leaders to make sure that all campers receive the attention they need throughout the camp week.

Facilities

The FELC is a space for indoor and outdoor learning experience. The center is a modern facility with bathrooms, drinking fountain, kitchen, and classroom space for inside activities. The environment around the center is a collection of natural learning environments. Within a short walking distance, campers can experience our children's garden, woodlands, butterfly gardens, wetlands, and Seeds of Hope Farm.

Kids Catch Summer at FELC Summer Camps
